

#### WSCC Report June

My apologies. I am sailing on the night boat on the 4<sup>th</sup> to our Twin village Ranville which as you may know is where Sword Beach is one of those beaches used for d day and it's the 80<sup>th</sup> anniversary so a big occasion.

I thought it best to do you a report when I get back and then I can put more into it about the events there.

In the meantime there are not many issues for Loxwood PC but assurance that things are going along as usual and we are actually catching up on highways issues. A new deputy Chief Fire Officer has been appointed and childrens Services is keeping up it's improvement works. I will give further updates is they occur when I get back. My report won't be done until say 9<sup>th</sup> or 10<sup>th</sup> as I only get back on the 8<sup>th</sup>.

South Downs National Park has it's advert out for a new Chief Executive and hopefully we will have one appointed in August.
